## CAREER OBJECTIVE

AI Product Engineer and Full-Stack Developer with 5 + years shipping production AI products — LLM agents, RAG pipelines, real-time voice AI, scalable web platforms, and CRM integrations. Pursuing M.Tech AI at SRM. Open to AI Product Engineering, AI Engineer, and Full-Stack Developer roles — Chennai or remote (India / US / Canada / Dubai / EU).

## TECHNICAL SKILLS

**AI / ML**
LLMs, LangChain, RAG, NLP, Computer Vision, Python, Langfuse, Azure AI, Google AI

**LANGUAGES**
HTML, CSS, JavaScript, TypeScript

**FRONTEND**
React, Next.js, Redux, Material UI, ShadCN/UI, TanStack Query/Table

**BACKEND & APIS**
Node.js, Fastify, Express, tRPC, REST, Swagger, Zod, SSE, Firebase Functions

**DATABASES**
MongoDB, MySQL, SQL Server, Azure SQL, Prisma ORM, Firestore

**CLOUD & DEVOPS**
Azure, AWS (SES, SNS), Docker, Cloudflare Workers, Firebase

**AUTOMATION & TESTING**
Cypress, Appium, Nightwatch

**INTEGRATIONS**
Twilio, AssemblyAI, iMessage, AppleScript, HubSpot, Attio, GoHighLevel, Teams, Zapier

**DEV TOOLS**
Git, GitHub, Azure DevOps, Jira, Chrome DevTools, React DevTools

## PROFESSIONAL EXPERIENCE

### Software Engineer — Qualkode Technologies

Full-time · Jun 2025 – Present · United States (Remote)

Building production AI products for Blush (VIP matchmaking) and its product group: MessageBlue, Toldo, Lana.

- **BLUSH:** Twilio/SendBlue messaging + Langfuse observability; Appium profile capture → CV+LLM extraction; live-call dashboards (Twilio Media Streams, AssemblyAI).
- **LANA:** iMessage AI assistant — user mgmt, referral invites, webhook debugging, AppleScript on distributed Mac agents.
- **MESSAGEBLUE:** iMessage API for AI agents — CRM integrations (HubSpot, Close, Attio, GHL, Teams), RAG agents with persistent memory + voice notes, Swagger docs, Zapier.
- **TOLDO:** No-code AI assistant builder on Cloudflare Workers + Durable Objects + D1; chat-to-creation, multi-channel publish.

LangChain · RAG · LLMs · Langfuse · React · TypeScript · Node.js · Twilio · Firebase · Cloudflare Workers · MongoDB

### Frontend Developer — The Fifth Element Consultancy

Freelance · Mar – May 2025 · Dubai, UAE (Remote)

- Led frontend for education portals; shipped AI-powered resume generation tool; migrated Angular → React with Redux Toolkit.

Next.js · React · Redux Toolkit · TypeScript

### Full-stack Developer — cluBITS Solutions

Full-time · Sep 2023 – Mar 2025 · India

- Scalable apps (React + Fastify/Express); type-safe APIs with tRPC; Prisma ORM on SQL Server; Azure AI integrations (image-to-text, email gen).

React · TypeScript · Fastify · tRPC · Prisma · SQL Server · Azure AI

### Analyst Programmer — Ramco Systems

Full-time · Jul 2021 – Jun 2023 · Chennai, TN

- Storybook component library; SSMS stored-procedure optimization; design system + React migration of enterprise UI.

React · Storybook · SSMS · Front-End Development

## KEY PROJECTS

### MessageBlue — iMessage API for AI Agents — Qualkode · 2025–Present

Node.js · LLMs · RAG · WebSocket · HMAC · Swagger

- Agent layer with retrieval, persistent memory, voice notes, safe tool writes; CRM webhooks for HubSpot / Attio / GHL / Teams.

### Blush — VIP Matchmaking AI Agents — Qualkode · 2025–Present

LangChain · React · Node.js · Firebase · Twilio · Appium

- AI agents for client chat, date coordination, call booking; CV+LLM profile pipelines; live-call dashboards.

### Toldo — No-Code AI Assistant Builder — toldo.ai

Cloudflare Workers · Durable Objects · D1 · LLMs · React

- Serverless AI assistant builder; chat-to-creation workflows, publish to Web / Slack / Telegram / Teams.

### Microservices Communication Platform — cluBITS · 2023

Node.js · Fastify · tRPC · AWS SES/SNS · Azure · Prisma · Zod

- Multi-channel comms (Email, SMS, iMessage, notifications), file storage, AI content generation.

### Eligibility Verification System — cluBITS · 2024 · US Client

React · TanStack Query/Table · Fastify · tRPC

- Insurance verification, QR card upload, real-time SSE updates.

## AI RESEARCH & ACADEMIC PROJECTS

**EcoGradeML — Food Eco-Grade Prediction** **M.Tech AI · SRM**
Python · XGBoost · TF-IDF · CORAL · Multilingual Embeddings · NLP

- Predicted food eco-grades (A–E) from Open Food Facts ingredient text using ordinal classification and multilingual NLP.

**Sign Language Recognition** **M.Tech AI · SRM**
Computer Vision · Python · CNN-RNN · React

- Video-based recognition with pose extraction, temporal CNN-RNN, data augmentation; web API + React UI.

**Chennai 15-Minute City GIS** **M.Tech AI · SRM**
GIS · Python · LLM · React

- Isochrone APIs, ward-level accessibility scoring, clustering, LLM-assisted urban planning analysis.

**AI Assistants & NLP Workflows** **M.Tech AI · SRM**
LangChain · LLMs · NLP · Semantic Embeddings

- LangChain workflows, text classification, feature engineering, ML model evaluation pipelines.

## EDUCATION

**M.Tech — Artificial Intelligence (Pursuing)** | SRM Institute of Science and Technology | CGPA: 8.70 (2nd Semester)

**B.E — Electronics and Communication Engineering** | Easwari Engineering College | 73%

**HSC** — SBOA Matriculation Hr Sec School — 87% | **SSLC** — 96%

## CERTIFICATION

MERN Stack Developer | GUVI Geek Technologies Pvt. Ltd. | Dec 2020 – May 2021

**Studio Portfolio:** work.kadal.cc — independent AI product studio co-built with a colleague.
